Good Afternoon,

I hope you are all doing well today and Happy St. Patrick's Day! Per our conversation last week I have attached the combined notes of our team. I wanted to run them by you before we start writing a briefing to make sure we accurately represented all of the information from the meeting. The briefing will include further background likely pulled from the status report about this petition so this document will just focus on what we discussed during the meeting. Please let us know if there is any information that we missed or if we mischaracterized any details from the meeting. If you have any questions about this document or next steps feel free to reach out.

Thank you,
Quinn
